*Lewis Carroll's immortal 'Alice in Wonderland' is the basis for this small piece of musical theatre.*

“Welcome to a world of wonder - where special people will entertain you. We have been lucky enough to gather the most talented and hard working cast that you are likely to see and hear.

The youngest one is just six and the oldest, me, is seventy-two. They have all worked their little butts off to get this show together. Sometimes a step is wrong or a note not quite true, but who cares!

Cast - you are all quite brilliant.

Thank you very much!”

*Margaret*

### **Act 1**

Alice follows the White Rabbit to outside of ‘Wonderland’ where she meets the ‘rejectees’, the Caterpillar and the Tweedles. A wish takes her into ‘Wonderland’ to meet the Duchess and of course, the Cheshire Cat.

### **Act 2**

Things get stranger and stranger as she joins the Mad Hatter, the March Hare and the Dormouse for ‘Tea’, plays croquet with the Queen of Hearts and paints the sky! During the Ace of Spades’ trial for stealing the Queen’s tarts, all the zany characters take the witness stand.

**This production is dedicated to the memory of Brian Moxley, who with his family, have supported Protea for many years.**
